About St Christopher's

At St Christopher's we put people at the heart of everything we do. We believe that all dying people and those close to them deserve to have the best care and support, wherever and whenever they need it. We do all we can to make this happen, providing physical, emotional and spiritual support to over 7,500 people across south east London every year. People like you, your mum, your dad, your nan, your sister, your friend, your neighbour.

Many people think hospices are sad, depressing places but that couldn't be further from the truth. We are more than just a hospice; we are the 1,350 volunteers who give their time to make sure people nearing the end of their life and their friends and family know how important they are. We are more than just a hospice; we are the hundreds of staff who work together round the clock to care for people in their homes, care homes or in our hospice buildings. We are more than just a hospice; we are the educators who are passionate about end of life care and provide courses to people all over the world to make sure that hospice services are available for more and more people, wherever they are and whatever their circumstances. We are more than just a hospice; we are the communities of people who fundraise tirelessly through all weathers to raise the £15m we need each year to continue to be here.

To everyone who has helped in any way, big or small – thank you.

"Winning a cash prize was a great feeling but so was knowing that I was helping patients receive vital care"

Roger from Orpington

You win a feel-good feeling every single month!

Unlike other lotteries, every penny of profit raised by St Christopher's Hospice Lottery helps us provide care for people and families facing the end of life.

So even if your numbers don't come up, you know that by simply entering the draw you've done something incredible for someone who really needs it.

One month of membership buys one of our patients a nutritious and healthy meal

Playing for five months will provide counselling to help a recently bereaved child

Playing for 10 months will help someone to keep their independence through physiotherapy

Playing for 20 months will pay for someone to receive care in their own home

Approximately 72p of every £1 raised by the lottery goes directly to the work of St Christopher's.
